21-Consejo Federal de Inversiones (CFI) - Federal Council Of Investments

The Federal Council of Investments (CFI), founded over 50 years ago by the Argentine provinces, is aimed at promoting the harmonious and comprehensive development of all of the regions in the country. Based upon the principles of Federalism and Regional Development, it acts as a permanent body for research, financing and counseling. The CFI is present throughout the entire territory of Argentina thanks to its wide structural

network of Linking Units, which make it possible to channel both technical and financial assistance as well as a fluent and sound cooperation with provincial administrations. Such activities include a key aspect for business success: marketing assistance. In this regard, the CFI has organized over 170 Foreign Trade Missions, allowing 5,000 micro, small and medium sized companies to exhibit their products at international tradeshows and participate in previously arranged business rounds. The CFI has also developed a series of training activities, offering companies sufficient knowledge for effective performance in foreign markets.
